ANNUAL STAFF OF
WILLIAM H. TAFT HIGH SCHOOL
WOODLAND HILLS, CALIFORNIA

FOREWORD

In the early twentieth century a big and easy-going man earned a place for himself in history books and in the hearts of men. The history of William Howard Taft is long and filled with achievements and heartbreaks. Taft is dead, but he is far from being forgotten, for his name has been placed on an edifice in which he could hold great pride. The new Taft will also be great. Standing on the threshhold of a new life and future indescribable and uncomparable can be envisioned. Many dreams have been incorporated in this construction: the dream of a community's own high school, the dream of a new era of school construction, and the dreams of little children eagerly looking forward to the day when they too can proudly bear the title of "Woodland Hills Toreadors." The old William Howard is dead; the new William Howard will long live with a bright and exciting fervor.

William Howard Taft (Big Bill), our largest president, stood six feet two inches and weighed over 300 pounds. He was the only man in American history to hold the two highest offices in the land: Chief Justiceship of the Supreme Court and the Presidency. Taft won the hard-fought battle for Presidency against William Jennings Bryan to remain in office for one term. He was not happy while in office because he was forced into it by his wife. In June, 1921, Taft succeeded the late Edward D. White as Chief Justice of the United States Supreme Court, but in 1930 ill health forced him to resign. On March 8, 1930, he passed away. Taft has done many beneficial things for America during his political career, and he shall always be remembered in the form of a red brick school on the corner of Ventura and Winnetka Boulevards.

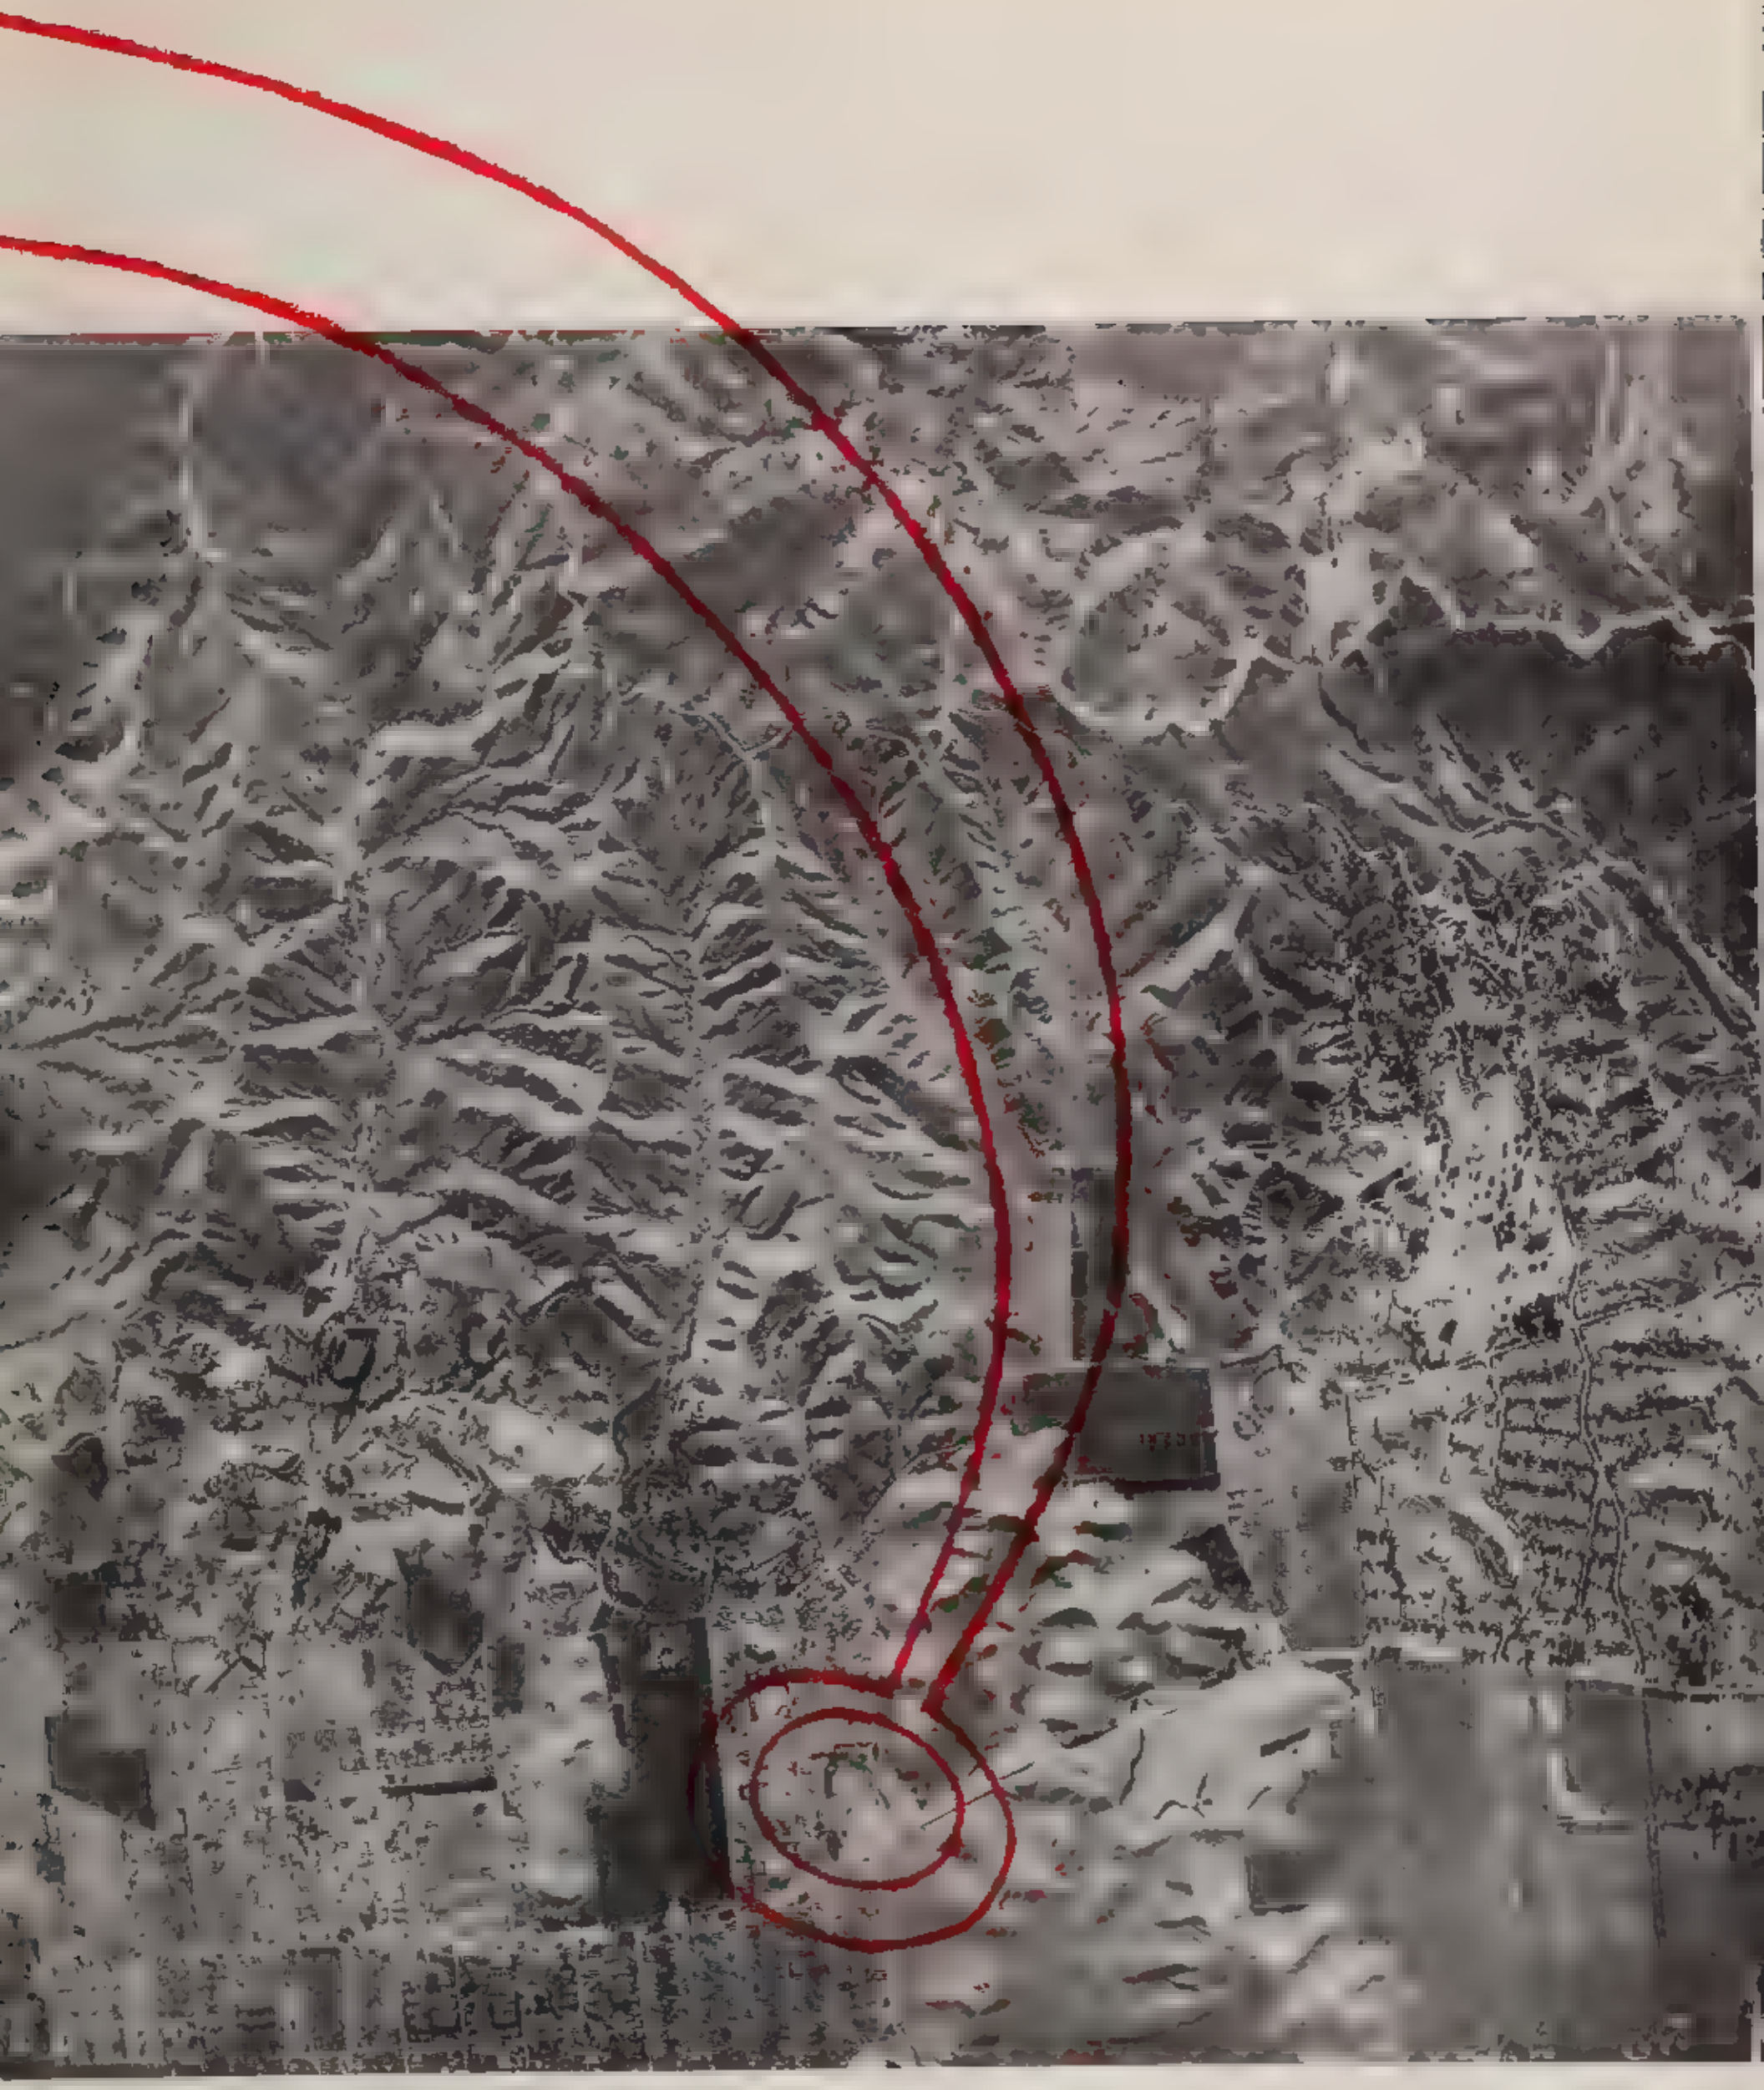
A very short time ago the San Fernando Valley consisted of a wide fertile plain approximately twenty-two miles long. Sited in 1797 and dedicated in honor of Ferdinand, King of Spain, the western part of this valley was a stopping-off place for travelers along El Camino Real. Ranchos began to organize and the westward movement from the pueblo of Los Angeles began in the 1830's. Upon the arrival of 1846 and the end of Mexican rule, the ranchers in the valley began to think more of liberal education. Mayor Stephen C. Foster spoke of his ideas for starting a school for the 500 school-age children then living within the city limits in his inaugural message of 1854. Less than a year later the first public school was started. The Valley grew, and more need arose for schools of all types, until we find the development of Taft.

The unique Taft campus as we know it today brings to mind green grass, newly planted trees, and a well-organized and planned layout of beautiful buildings. With these images in mind it is hard to imagine the land wild and wooly, as it was in "rancho days" when herds of cattle and sheep roamed the hills and levels of this site. After rancheros came the era of the farmer, then followed the start of towns and communities, small and undeveloped. The years found a variety of uses for the land. Memories of the Frosty Freeze stand, visited on the way to the beach, and the golf range where lost golf balls were hunted, are also memories of Taft as it used to be. And now another view has come to this 27-acre site in the form of a beautiful and modern high school. The view of the New Taft will someday be a memory in the minds of all present Toreadors, but Taft as a school and as a landmark will live forever in the community.



SUDDENLY I'M BRIGHT AND BREEZY

With the rapid growth of the West Valley causing overcrowded situations in the established high schools, plus the upsurge of post war babies constantly emerging from elementary and junior high schools, it became essential for the educational facilities of one of the largest school districts in the country to increase. For this purpose a 27 acre site on Chase Hill was designated to locate the future alma mater of 2500 teenagers from the Southwest valley. Immediately following the awarding of the final

contract in November 1958 the clearing away of the 200,000 yards of earth necessary to level the 75 foot drop began. Less than two years later the immense amount of brick, aluminum, concrete, glass and paint had been molded into an edifice illustrating extreme up-to-date and showmanship. The $4,169,200 involved in finance did not include land, furniture, or landscaping, which raises the total well above $5 million averaging $1,687.89 per pupil. Being little more than half the size accepted as standard in California for schools of this type, numerous construction problems arose in the development of this combined experiment in construction techniques and architectural design. The split level, two-story buildings exhibit a compartmental distribution throughout the school. Added features such as a multi-purpose room, an outdoor stage and quad area, a little theatre, concrete stadium bleachers, an outdoor covered lunch area with overhead radiant heating, and other unique features also exhibit a new type of design not present in most Senior High Schools. The experiment was successful and resulted in a high school exemplifying high educational standards for the entire district. The resulting institution named May 20, 1955 is known as William Howard Taft, truly an asset to any community and a beautiful, modern campus in which all present and future Toreadors may forever take great pride.

Taft High School Alma Mater

Music & Words by Lorraine Davis

Let us hail our school and our voices raise
As we all unite in songs of praise
Show our faith and love with a heart sincere
To our Alma Mater dear

Wave our banner red white and gold
And watch our fame unfold

As the years go by and we all depart
Happy high school days dwell in our hearts
We'll remember friendship of days gone by
That we spent at our Taft High

Enthusiastic song writer, Lorraine Davis works on follow-ups to the alma mater and Aldebaran class song

Many thanks and much recognition is due to Taft's first student council. Composed of more than thirty future Taftites, the capable group, led by temporary chairman Carolyn Cox, spent many long hours during the summer vacation of 1960, readying plans and outlines for the new student body. Working every morning before school during the first semester, this capable group administered the first student body election and gave up their governing rights as the new officers were heralded in. Unfortunately, we haven't enough room to list the names of all the initiators of this first group, so may it suffice to recognize you as a whole.

AN ORGANIZED TRIO SETS RHY

The first year of a new school is always the most difficult. Our industrious principal, Mrs. Elizabeth Goetten, is greatly responsible for the increasing feeling of unity on the Taft campus.

Although her home town is Hudson, Wisconsin, Mrs. Goetten graduated from Van Nuys High School before attending Pomona College. She began teaching English and Social Studies because, as she said, "I like working with young people." Soon her executive abilities were realized and she moved to the Girls' Vice Principal's office at Hamilton High, followed by the principal's desk at Dorsey. It was this position that she left to plan the foundations for Taft.

To ease the strains of unifying the many backgrounds accumulated at Taft, Mrs. Goetten finds deep sea fishing and Bridge most relaxing. Frequently, while awaiting Toreadors, have seen her grandchildren touring the campus. She confesses that they are her very special interests.

Mrs. Goetten enjoys working closely with the entire Taft student body. This is demonstrated by her genuine interest in all students and her special desire to direct the activities of the Senior classes. Her only pet peeve is a dirty campus. She greatly enjoys her new role and encourages all Toreadors to "take pride in keeping beautiful Taft." We, the charter student body, are very grateful to our chief administrator for making this first year the outstanding inauguration it has been.

iM AND TUNE

The distinguishing feature of a high school is the type and number of extra-curricular activities, and the administrator in charge of all social functions on the Taft campus this past year was Mrs. Eva Kirby, Girls' Vice Principal. These functions includes sports' nights, dances, assemblies, and athletic events.

A native Californian, Mrs. Kirby graduated from Huntington Park High and received her credentials from UCLA and USC. Transfering from Dorsey High, where she taught science, she went to the office of Girls' Vice Principal at Van Nuys.

Her major avocations include traveling, hiking, and reading. But her main responsibility and interest this past year was working with the Taft girls. Along with prescribing the functions and policies of Girls' League, she also sponsored the "Ladies" of Taft

We greatly appreciate her contributions to Taft's first year in supervising Girls' League, directing our many clubs and organizations, and administering all Toreador activities

Our entire Taft family was busy this past year, but Mr. Arthur Curtis, Boys' Vice Principal, had an added responsibility in supervising the organization of student cabinet. Having much past experience with student government, he tackled this necessity with great enthusiasm.

Following graduation from his home town high school in Ohio and the University of Pennsylvania, Mr. Curtis began teaching. After the War, he came West and worked in the English-Social Studies department at Manual Arts, where he was also athletic coordinator. He left the position of Assistant Vice Principal at North Hollywood High to come to Taft

Mr Curtis' hobbies include wood finishing, swimming, and fishing, but his special consideration is for the Taft boys. He also organized and sponsored Knights, the Senior Honor Organization.

We sincerely thank Mr. Arthur Curtis for the role he has played this past year in founding the student body government, directing the groundwork of the Constitution, and supervising the activities of our Taft Boys' League.

ATTENDANCE OFFICE—Shannon Petruzzi is trying to convince Mr. Petit and the office staff that she wasn't really ditching, while Mr. Ellis is chastizing Ron Hill for being late again. This office is best informed as to the coming and going of Taft's student body

All our FOREIGN LANGUAGE students will agree that there is nothing comparable to the feeling of accomplishment derived from the coaching of the human mind to the point of being able to speak read, and write in a second language. Our higher languages classes may boast that they are some of the few in the city of Los Angeles where no English is used in the classroom. The finest teachers offer work in the fields of Spanish, French, Latin, and even German

The ENGLISH DEPARTMENT strives to help students develop skills in listening, reading, writing, and speaking. In the various English courses students are taught to write well-organized paragraphs, and to speak effectively by enlarging their vocabularies. Reading literary selections for the pleasure of getting not only superficial ideas but implied meanings are also stressed. The English classes are slated to give enrichment and also to give remedial aids to students wherever these are needed. Such classes give students a chance to sample the finest in all types of writing. A study of poetry, the novel, short stories, and essays offer students a chance to learn the finer points of literature

Our BUSINESS DEPARTMENT has been striving to teach the students skills in the wide-ranging fields of the business world. High standards of integrity and reliability are stressed in the classes. This year the goals of the department included assisting the students to live useful and worthwhile lives as citizens and workers, also to advance in individual freedom through economic competency. This year business students have had the opportunity to visit banks, stock exchanges and brokers, along with insurance companies and department stores.

Up-to-date means of teaching essential skills are outstanding features of Taft's excellent language department.

FORMULAS GRAPHED SOLVED

MATH students are expected to do their best to increase their understanding of math relationships, and to learn to enjoy working with mathematical problems. Math club is planned to help interested students prepare for college by giving them extra-curricular work to enrich their use of math. During this semester the Math Department sent a team of five to a math field day at Occidental College where they entered various events and showed the skill they had learned in math classes. Also, last May we were represented by a team of students at the William B. Orange Math Competition at L. A. City College.

A questioning mind, and one that seeks to know "Why?" is the motto of the SCIENCE DEPARTMENT. With a good command of the spoken and written English along with a solid mathematical background in Science, Physiology, and Chemistry, students have found the answer to questions about their own lives and their environment. Taft has some brilliant representatives from Science classes participating in the American Chemistry Society exams at Reseda High School. Some students are also working on the Science Fair and a trip has been made to the UCLA Reactory.

The INDUSTRIAL ARTS DEPARTMENT has been working to teach through practical application in order to give the students an education with a definite vocation in mind for the future. The industrial arts department is engaged in drafting contests and the graphic arts shop is constantly working on projects. During Boys' Week last spring, students were selected to visit industrial firms where they received on-the-spot learning in certain trades. The Industrial Arts Fair, featuring the talents of the students in industrial arts classes, was a big success featuring the works in wood, metal, and even fiberglass.

The purpose of DRIVER'S EDUCATION is to teach students to realize and avoid the hazards of the road, and to teach the fundamentals of driving. For these reasons, Driver's Education is a required course of all high school students. Driver's Training is offered to students who have completed Driver's Education and have acquired a learner's permit. During this class, students have the opportunity to drive in every day traffic conditions with the expert guidance of our able instructors.

The goal of the SOCIAL STUDES DEPARTMENT is to give each student at Taft High School a full realization of the privileges and responsibilities that belong to an American citizen. This department works toward solving present problems stemming from past experiences and promoting the basic traditions of American Democracy. There are many extra activities to stimulate the students' interests. The International Club gives students a chance to learn about culture in other countries through interesting speakers. Government classes were given an example of history in the making when they attended a field trip to criminal courts. Some of the classes viewed a fine piece of history in the "Alamo," which they saw at the Carthay Circle Theatre.

The PHYSICAL EDUCATION DEPARTMENT strives to promote proper growth and development through physical activity. Applying skills and co-ordination for work and leisure is the major aim of this department. We support a well balanced program giving us a variety of skills and helping us realize the importance of keeping physically fit.

"Okay, kids, everything's under control. The only thing wrong," states Mr. Buchanan, "is a malfunction in the pneumatics." (Meaning we're out of gas)

HOME ECONOMICS is primarily concerned with strengthening family living. This semester's program included all aspects of home life. Each aspect is taught in relation to the other, as family living is inter related. Homemaking coordinates knowledge from many fields, and emphasizes the acquiring and applying of techniques and skills with the understanding and appreciation of home living. This semester the home economics classes have offered to make the first victory flags for our school. Taft girls have accumulated many interesting and beneficial ideas on modern homemaking through their projects.

"An artist needs continued practice, the foundation for experience." The ART DEPARTMENT is fully cognizant of this as they worked to provide students better backgrounds and a more practical preparation for their art careers. A large wall mosaic for the Administration Building is only one of the many projects taken up by the art inclined Toreadors. Field trips to art exhibits and art gallerise, filled the curious artists with many ideas and inspirations. Taft gave many of its talents to the Scholastic Art Exhibit where the fine training given to Toreadors proved itself in the competition.

Do-re-mi, can be heard as Taft students march past the music building. The widely ranged voices and mellowed tones can be heard and remembered by all interested Toreadors that seek entertainment through music. This semester the MUSIC DEPARTMENT inspired a genuine love for music and encouraged pursuit of excellence among pupils. The students had many projects to stimulate their interests. All of them worked on the Christmas Program and participated in the Spring Music Festival, featuring pianist Steve Gordon. Both events achieved tremendous success. Among our musical organizations are the vocal ensemble, the brass quartet, and the string ensemble. Students also attended many concerts and musical events. All of these activities have helped to make a fine music department at Taft High.

Having the distinction of being the first class to graduate from a new high school the Aldebaron Class showed its initiative by beginning Senior traditions on the Taft campus. Dotting the campus with mint green and charcoal cardigans the small class of 128 made it well known that they were the "Mighty Seniors" and exhibited their new status to the utmost. The Senior Bee Cabinet consisted of Mike Clinite, president Mitchell Witkosky, vice president; Anne Boone, secretary, and Stephanie Harolde, treasurer. Steering Committee planning the Sweater Assembly, the Senior Prom, and other activities, consisted of two representatives from each Government class plus the senior-members of Student Cabinet. Some of the privileges the first class enjoyed were use of the Senior Lawn on Friday noons with music, special sections at outdoor assemblies and sports events, a private prom, and others. Obstacles facing the class were overcome, and ideas and personalities from Reseda and Canoga were integrated to form a strong class with unity and spirit. The Aldebarons are anxiously looking forward to the fall semester when the Class of Winter 1962 reaches the final plateau of their high school careers and commences to further aspirations

RAY FELIX
Student Body President

Every day second period the seventeen representative leaders of the student body met in C1 to plan student body policies and functions and to discuss solutions for pressing problems. Led by student body president, Ray Felix, the group worked diligently under the guidance of Mr. Cates to accomplish the lasting effects that this first student council had upon the new company of Taft. The most important result of the first Council session was the development of a framework on which the school has taken a firm footing.

HOUSE OF REPRESENTATIVES

House of Representatives, the "representative-organization" of the Taft government met bi-weekly during the past year Student Body Vice President and Speaker of the House, Pat Hallinan, presided over the meetings of the 70 second-period representatives. This group brought suggestions and complaints from their classes which were discussed and debated with the Student Council. Reports of the meetings and activities of the previous two-week period were brought back and reported to the classes during special periods. In this manner the student body was informed of the actions of the Council and Administration, and of the organization of a new school

PRESIDENT'S COUNCIL—ROW 1: Marotta, FTA; Baker, GLS; Larson, Girls' League; Speth, GAA; Carter, Chess; Soltes, Chairman; Quenzer, German, Tri-Delta; Medics, French. ROW 2: Fox, International, Hessler, CSF; King, FFA, Brooks, Speech-Drama, Worchester, international; Drake, FBLA, Mr. Cates, Orozains, Spanish.

ATHLETIC COMMITTEE—ROW 1: Steyer, Brewer. ROW 2: Speth, Thille, Boon-Hartsinck, Tiale, Babick, Martin, Steele, Canavan, Blaylock, Philips, Fuller, Holmes, Galley, Streb, Mr. Spencer. ROW 3: Lee, Pecel, Russo, Cromwell, Masin, Davis, Hallman, Reese.

HOUSE OF REPRESENTATIVES, SUMMER—ROW 1: Dunlap, Elliot, Felix, Hollinan, Busch, Boon-Hartsinck, Lomm, Wickes. ROW 2: Martin, Canavan, Cromwell, Stelle, Belt, Brighten, Leach, Oman, Wickerson. ROW 3: Champion, Dempster, Barnack, Bergman, Galley, [illegible], Cooper, Mueller, Duke. ROW 4: Gordon, Brewer, Sherbondy, Philips, Pecel.

BOYS' LEAGUE The muscular majority of the student body, led by President Tig Davis was united this past year through the efforts of Boys' League Cabinet. Mr Raymond Hitchcock, sponsor, and the organization of fifteen, did an excellent first year job of organizing the male Tatlites into an industrious clan. Sponsoring such activities as Boys' Week and Safety Week, the Boys' League was able to hold its own against the weaker Toreadors

To be numbered with this outstanding group became the goal of all Toreadors. Under the sponsorship of Mr. Arthur Curtis and Mrs. Eva Kirby, the 12th-grade honor organizations appeared as ushers and hostesses at important events, such as Open House, the Principal's dinner, and others. The semester was also sprinkled with fun and activities.

LAS DUENAS—Meaning: Ladies in waiting. The 11th-grade girls' honor organization is a step under the Senior group, Ladies. Actually the girls did more than wait around to become Ladies. Sponsored by Miss Betty Bivins and led by President Linda Bowerman, the outstanding group of 26 placed special emphasis on well roundedness, especially in the fields of service and study.

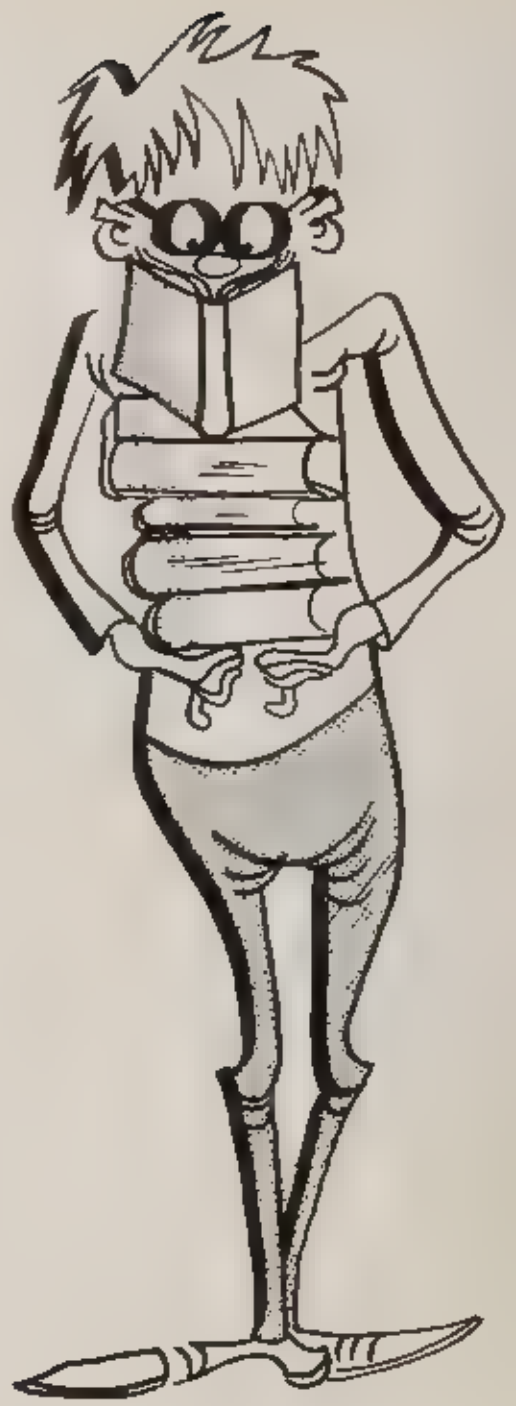
The thinker, Curt Hessler and the worker, Lindy Harris contemplate important studies as Mr. Clemens pushes them on to scholarship. These three headed the past year's Thracians.



THRACIANS—A surprisingly high number of honor students at Taft composed the membership of Thracians, the local chapter of the California Scholarship Federation. Complying with the minimum requirement of three 'A's and a 'B' in solid subjects, the 120 members enjoyed many intellectual discussions, guest speakers, and social activities this past year. Sponsor, Mr. Winston Clemens and President Curt Hessler were able to arrange four special club assemblies during class periods in the summer semester. Lacking a graduation class the first year, Thracians is looking forward to the next year when graduates will be especially honored for their scholastic achievements as Sealbearers, Torchbearers, and other scholarship honors.

SPEECH DRAMA CLUB—The Taft forensic organization led by Dennis Brooks, was composed of 40 talented speakers. Partaking in speech tournaments held on various weekends at different colleges and high schools this past year, the club represented Taft well with numerous excellence and superior ratings, and a gold medal. Climaxing the season, four Taft students were selected to speak at the Southern California finals held the weekend of April 21 at the University of Redlands.

MEDICS CLUB—In order to give a background in the many aspects of a scientific career, Mrs. Sines, our traveling nurse, made inquiries about founding a medics club. Aimed to acquaint teenagers with futures in medicine, this group, led by their president Sandy Tribotte, sponsored important guest speakers and informative films concerning many aspects of the medical profession.

TAFT IN THE KNOW

Every other Tuesday as students open their lockers during lunch they are greeted with the pleasant arrival of the newest issue of the TAFT TRIBUNE. The latest school news and bits of interest are offered to the students in one compact, well-edited sheet.

Elliot Green and Joanne Weisberg are the two editors responsible for this year's editions. They worked in conjunction with the staff of thirteen members who gave their "all" to each and every feature of the paper. Under the sponsorship of Mr. Lawlor the award-winning paper has won the respect of all Taft students viewing the first year sheet.

Being right on hand on our campus, the PRINT SHOP has printed everything from our school paper The Tribune to spirit tags like 'Deflate the Bagpipes.' Under the supervision and guidance of Mr. Kenneth Hird this group has become one of the most sought after group on campus for whenever printed material is needed the print shop is there to serve.

SUCCESS WAS THE PRIZE FOR THEIR HARD

Memories in the way of interest and fun were recorded for the past year by the school's historian class—Atinian staff. The thirteen members of annual class, under the sponsorship of Paul J. Kluth, were chosen for this special class on the basis of scholarship and talent. Led by editor-in-chief, Jean McLeod, the three editors, Denice Hodges, art; Sandie Christensen, copy; Kathy Falvo, photography, and business manager Sherry Smith set about giving instructions to the class of typists, writers, ad sellers, photographers, artists, and deadline breakers. The result was pandemonium until the four division editors managed to draw up layouts, and some organization began to appear. Division editors included capable Denice Hodges, faculty; studious Alan Gering, classes, helpful Harris Rosenthal, clubs and organizations, and sparkly Chuck Sparks, sports. On behalf of the first Atinian staff of Taft High School it is hoped that this book will never end to bring happy memories to you, the Taft Toreadors, and that you may overlook the many mistakes of an inexperienced group and instead look for the better points of an ever-representative annual.

DRILL TEAM—Another Taft first and a major contribution to our first football season last year was half-time entertainment. Led by Maureen Quilligan the 76 girls in red, along with the Spanish-clad band, marched forth between halves on four different occasions. The last, according to the members of Drill Team, was the most successful. Parts of this performance, blues, soft-shoe, and charleston, were done in saxaphone, hat and cane, and musical notes formations. Surprised observers rumored that this clan was one of the two best in the West Valley League. Next semester, according to sponsor Mrs. Karen Shair, the team plans to combine quantity with quality by admitting 24 new members.

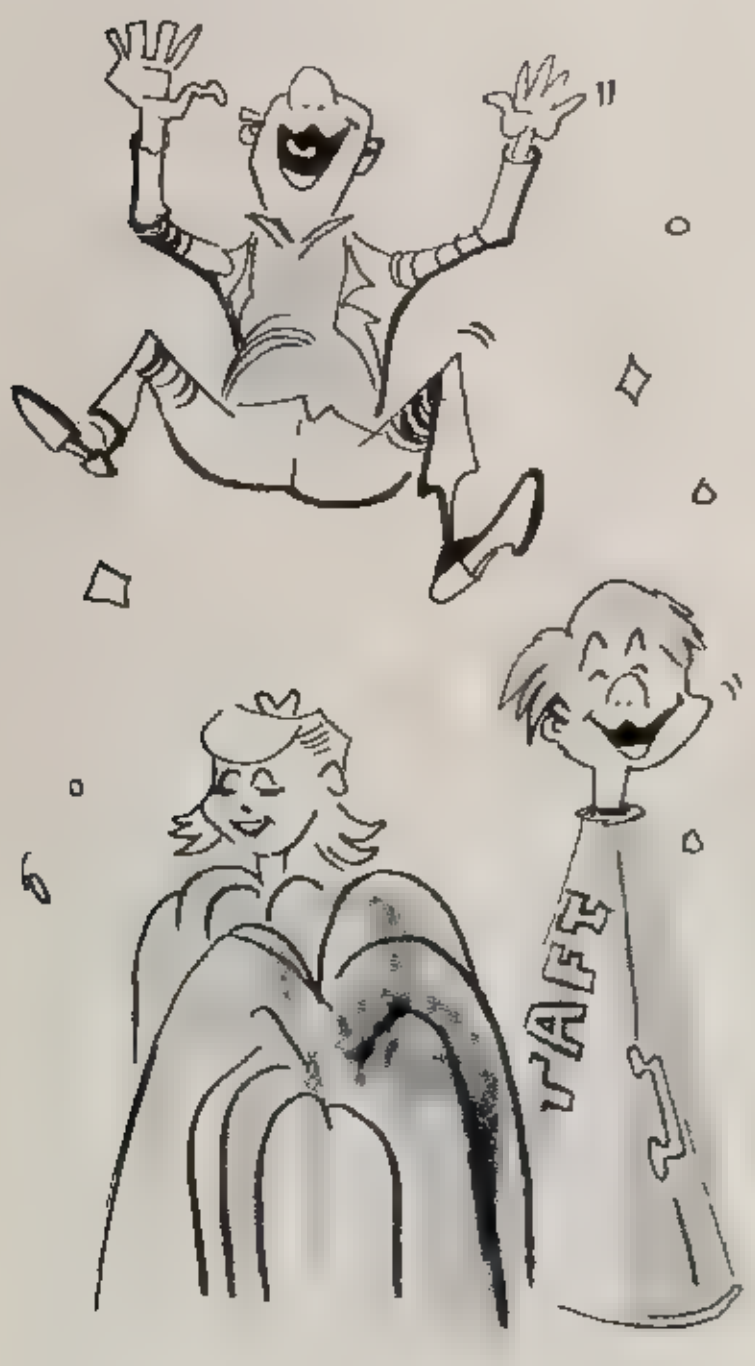
WITH COLOR AND PEP THEY LEAD SPIRITED CLANS

Red, white, and gold flew through the sky as Taft's ready pep-sters gave vent to song before a spirited group. Starting last fall, Taft's first cheerleaders were chosen by a joint committee of faculty advisors and student representatives. Judged on spirit, personality, and style, aspiring young girls hurried through the tryouts and waited anxiously for the results. Once chosen, the boys and girls alike worked feverishly to prepare for the first game.

Led by Song Queen Sherry Willis and Yell King Jim Fuller, the squad of eight varsity and five Bee songsters intermingled color and enthusiasm needed to push excitement to its highest pitch. The offices of song and yell leaders will always reign as typical representatives of the great Taft spirit.



Rising high, yell leaders Jim Praytor and John Bisceglia finish a yell along with Cathy Cairnes, Joanne Sworzyn and Barbara Montieth.

MAGIC TOUCH? Varsity line coach Ray O'Connor gives pointers to an looking Toreadors John Marks, Terry Shrader, Jim Beaumont and Mikey Cates (L. to R.) Head coach Lambert, on right, observes demonstration

Taft's first grid squad, coached by Hal Lambert and Ray O'Conner, was one that came to know but never accept defeat. Inexperience was our worst fault, but the great desire of the boys made for an impressive showing

The first pre-season game was a 34-0 shut-out against Long Beach Wilson, the C.I.F. powerhouse. In the second contest our team was thrown against a superior Fremont eleven and came up on the short end of 46-0 score. Our pigskinners then made an impressive showing in the Milk Bowl game against Grant, but allowed them to slip by 7-0.

Spirit was high for our first league game as the Canoga Hunters were made to fight for a 14-0 score. Birmingham, the league runner-up, proved to be too strong to cope with as we were swarmed to the tune of 48-0. Excitement was at the peak in the fight against the Granada Hills Highlanders, but a heartbreaking turn of events brought the Highlanders a 2-0 victory. Our first score was chalked up in the Cleveland tangle, as a disappointing 33-7 defeat was handed to us by the Cavaliers. In the last game of the season we were downed 49-0 by the Reseda Regents, the West Valley champions.

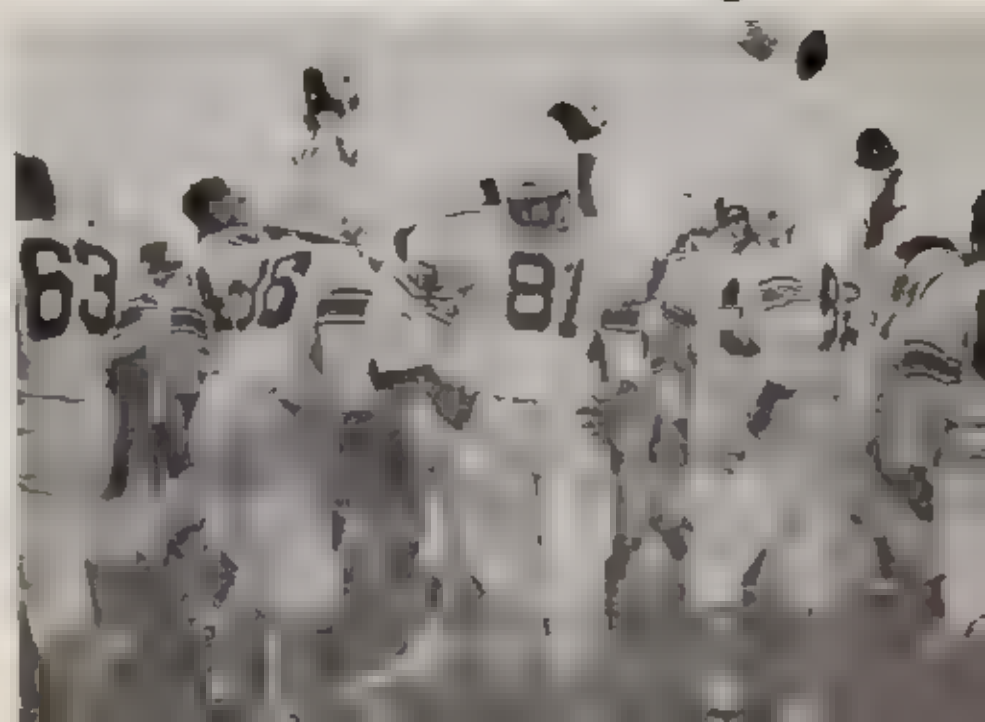
STERS FOUGHT OTHER CLANS

Taft's Bee gridsters, under the able coaching of John Hanna and John McCaffrey, romped through the season as they gathered a 3-2 record to put them in third place

In the practice round they were impressive downing Long Beach Wilson 14-7, but were shutout by Fremont 14-0, and were luckless in the Grant game with a 12-0 score.

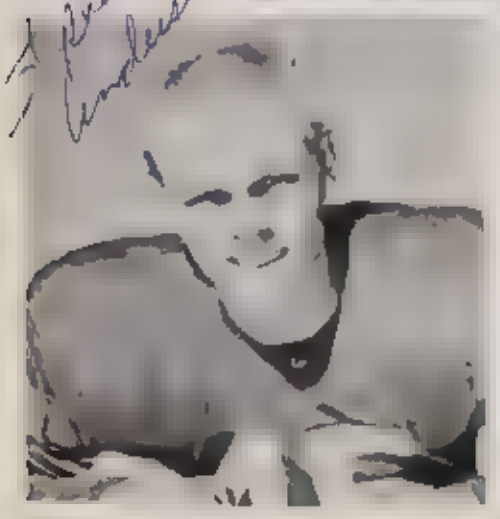
Going into league action the mighty midgets were really fired up as they trounced Canoga 14-0. Our pigskinners were disappointed after the Birmingham scramble as they dropped the game. Revenge was the cry as the Taft eleven splashed to a 14-0 victory in the mud, rain, and cold. A second half running spree, by Cleveland led to a defeat. We flung back to beat the Reseda Regents 7-0.

The squad was sparked by fine talent as eight Bee gridders gained all-league mention. On the first string were Dave Etz, Center-Captain, and Steve Philips, tackle. Taft's representatives on the second string were Barry Mitchell, end, and Dave Taylor, guard. Honorable mentions were received by Mike Shatsky, tackle, Greg Davis, quarterback, and Phil Ackerman and Eddie Patty, halfbacks.



BEE'S BUSTING OUT—Toreador Bee footballers rejoice with victory. McCaffery's and Hanna's boys missed league crown by one game.

TORRID TOSS — Unidentified Toreador receiver sprints for toss from Quarterback John Marks as Mickey Cates looks on. Cavaliers took tilt 33-7.



Stephen A. Anderson

Steve who is a first string varsity left halfback stands 5'9" at 160 pounds. At 18 and a B11 during football season Steve is one of the hardest fighting players on the team. He accredits the coaches to preparing him to play his hardest on the field. His best showing was the Cleveland game where Steve made some of the finer plays and carried the ball well. The team has been able to count Steve's work as a great asset to them this year and he will be remembered as such.

Gary Bader

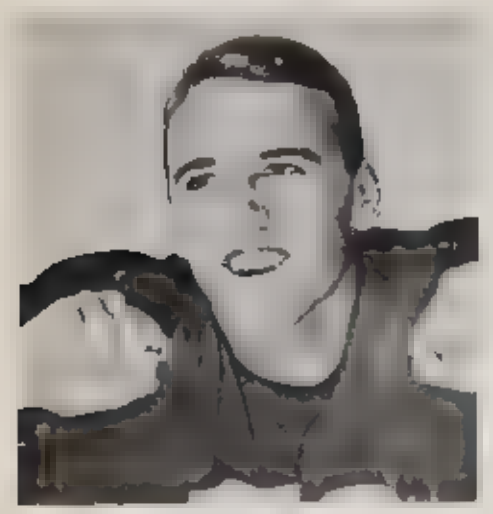
Gary has been a real workhorse on the team this season. Toting the ball as right halfback he has provided many of the line plays for this season. Starting only 5'6" he appears a giant on the field producing remarkable results. One of the smaller players on the team he is certainly one of the bigger power houses. Gary's finest game was against Burmingham as he averaged 5.3 yards rushing and blocked several rushing players. Gary is looking forward to more football playing, and Taft is looking forward to having him play.

Jim Beaumont

Jim has been a consistent contributor to the Taft squad this year. He has provided lots of excitement with his hard playing. The hefty 5'10" 185 pound tackle has been strong opposition to the players he has faced. Always a strong player gym coaches have improved his blocking and tackling to a fine art for which he is grateful. His opponents feel differently however. His fine work has rated him the position of West Valley second string tackle. Taft appreciates having players like Jim on the team.

Mike Bellamy

A hard player to go against can be found in Mike. The 5'11" guard can dash the hopes of many an opposing player. Hard working Mike suffered a sprained ankle this season which caused his absence in the Canoga game but came right back to harrass the Granada Highlanders. He has shown a lot of ability out on the field and he admits that this knowledge has largely come from the coaches. Only 16, Big Mike has achieved a lot of success this season.

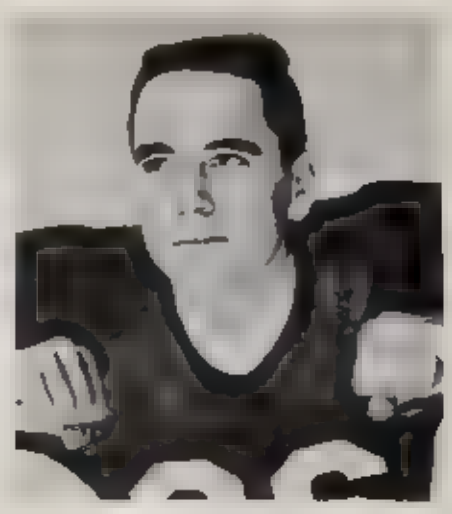


Mike Blakely

Mike the six foot tackle was one to play when the going got tough. He played a good defensive game. This season he was our first string left tackle. During the Reseda game Mike received a knee injury defending his school. He gained the nickname "beaver" because he was always ready and willing to go in and fight. Some of Mike's future plans include going to Pierce then U.C.S.B. or Cal Poly. He plans to play ball at the schools he attends and he will be an asset on any team he chooses to be a part of.

John Brewer

John Brewer another one of Taft's fine players has done a great deal to help his team on the field this season. At 5'10" Brewer plays a very fine end on both offense and defense proving himself a very valuable player. During the Granada game he made a number of fine tackles to stop the line and [illegible] prevent yardage [illegible] plans on [illegible] future with six years [illegible] them.



Jay Carpenter

Jay is one of the few talented Sophomores to [illegible] a berth on this year's team has proven his worth as a lineback. Big Jay makes good hard tackles consistently and never fails to give the team his all. The Cleveland game was one he remembered as good because of fine tackles he made. Jay plans to continue his schooling and football too. It is for future for our school that fine players like Jay can be depended upon to give fine performances for Taft.

Michael C. Cates

Mickey has proved that it is speed and ability that count on the field. He attributes his ball carrying success to the coach's advice. Shining in the Grant game he proved his strength with his hard hitting and fine carrying. As a potential scorer in every game with a 3.1 average, Mickey is well deserving of his awards. He was chosen second string West Valley halfback and third string all Valley. Taft can be grateful that Mickey will return to play next year.

Ray Felix

Ray has shown his ability to lead us on the football field as well as in school government. He plays first string and is noted for his fine punting. Ray received an injured knee and was forced to sit out the Grant game. His playing is we thought of not only by his home school but by others as well as he received Honorable Mention on the West Valley team for his fine efforts to lead the Toreadors to victory.

Bill Galbreath

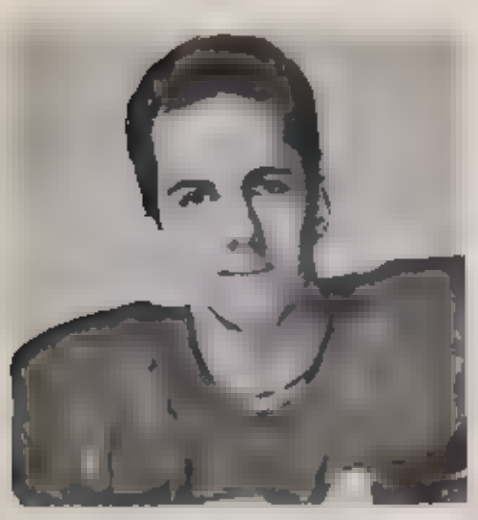
Bill our hefty 190 pound first string tackle has shown he [illegible] Taft has received [illegible] Bill has been growing [illegible] has proved he is [illegible] was [illegible] his team mates for his tremendous [illegible] tackles. We are [illegible] seeing Bill [illegible] on the field next year.

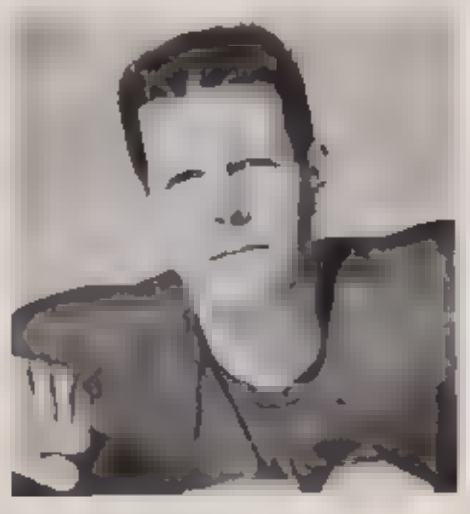
Steve Herthel

Playing second string tackle and center [illegible] Steve Herthel [illegible] great season. Starting [illegible] heart [illegible] his success [illegible] greatness [illegible] Being [illegible] Taft [illegible] A graduate [illegible] hopes [illegible] he [illegible] varsity team.

Thomas Hohl

Freshman Varsity halfback Thomas Hohl [illegible] Messina [illegible] Reseda game due [illegible] high meant a great deal [illegible] Taft's team was [illegible] exhibited when he was chosen [illegible] over the week. This 16 year old [illegible] Grant High Lancers when he [illegible] his future plans include college where he hopes to become a doctor.

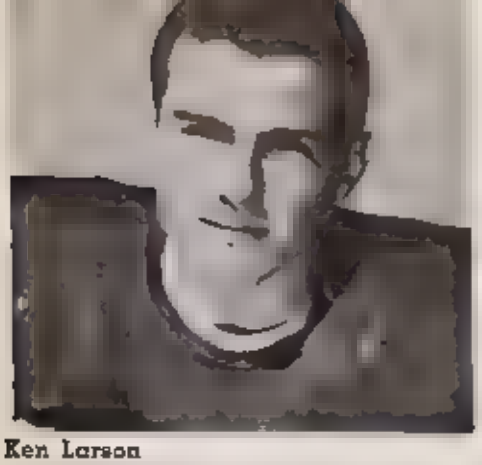




"STOP!" Signals do Regent defender no good as he tries to flag down Taft's Mickey Cates (42) headed around right end, but he finds road block in the form of Tackle Jim Beaumont (70). Mike Bellamy (75 in background) comes up to join in the fun. Title bound Regents eased by the Toreadors 56 to 0.

MICKEY ON THE MOVE

Speedy right half back Cates (42) romps around left end for good yardage against Reseda as Bellamy (7[illegible]) throws key block.



Ken Larson

Husky A-11, Ken Larson was selected this season as guard on the varsity grid team. Standing five feet seven inches and weighing 165 pounds Ken proved himself through thick and thin on the field. After playing only one league game his football career ended abruptly with a leg injury from the Canoga Park game. Believing in aggressiveness and strength his theory will be tested next fall when he plans to continue football. Included in his after-graduation plans are college and a dental practice.

John Marks

John the [illegible] quarterback has been one for spectacular plays this football season. His superior passing gave him a chance at the backfield position where he held up very well. Unfortunately his luck gave out and he was forced to discontinue as a sprained ankle laid him up. His best game was against Granada Hills where his passing was at its best. John has planned well for his future and hopes to attend college and play football there. His plans will be carried out as well as his passes.

Mike Masin

Playing center this season was five feet eight inches and Mike Masin. While under 16 years of age his most vivid memories of the league were playing his hardest game at Reseda and receiving serious injuries from Birmingham gridmen. Scheduled for the next year and a half at Taft are tennis and shot put during the spring and football again next fall he plans to include a math science major in his curriculum and his highest aim is to attend Stanford and play college football.

Warren Moeller

Warren a husky 5'11" 180 pound player on the defense line is on the Varsity Football team. Warren, although he did not have many opportunities to play this season has proven his potential value to next season's team. He has shown his ability in one particular game in which he did remarkably well. This was the game with Canoga Park High School where his line playing showed the ability he was capable of. Moe as he is referred to by his friends plans to be a veterinarian after graduating from college.

Louis Pfeifer

Louis, a 6 ft. 165 pound right tackle has proven to be a very important member on our Varsity line. Louie received a leg injury this season and was forced to sit out two of our games but his showing in the other games were tremendous. An A-11 Louie believes his best game was that opposing Cleveland. This is because he had an opportunity to show his abilities. His motto is to "Learn one thing at a time." Louie's future is as bright as his motto.

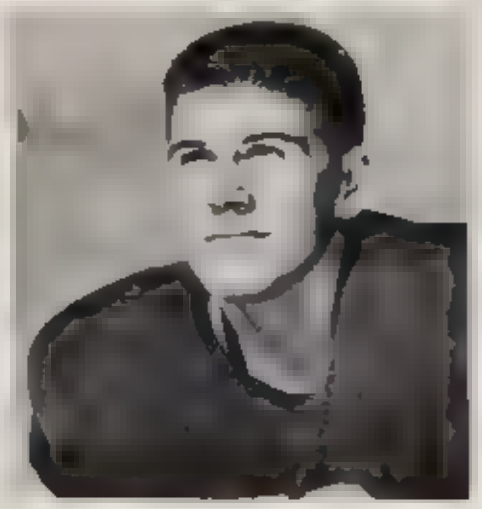
TAKING IT EASY—Jeff Kochy rests comfortably over the Reseda goal line after scoring only touchdown of the game.

Ken Pulman

Ken, a very capable Varsity this season player has thrown his husky 5'9" 155 pound stature into many an opposing line. Ken a guard has shown that he has a bright career in football ahead of him. He enjoys the game tremendously and gets a great deal of pleasure out of playing it. He attributes his ability to the coaches who have taught him the basic fundamentals. We all hope that Ken's future [illegible] another year on Varsity [illegible] at Taft.

Terry Shrader

Terry a strong 160 pound 6'1" right end on last year's varsity has been a valuable asset to this year's team. Terry has been chosen the player of the week twice and has received an honorable mention in the [illegible] West Valley [illegible] his successful playing of offense and defense. The coaches [illegible] him [illegible] pass receiving [illegible] and [illegible]. In the future Terry plans to attend college. We [illegible] he [illegible] season on Taft's Varsity.



Rick Sutphin

Rick though only a Sophomore has shown opposing forces that he can hold fast his position as quarterback. 164 pounds of [illegible] Rick has contributed a great deal to the defense of our grid team. In the future Rick plans to attend a college and most probably play football. Rick has much to thank our coaches for especially on remark that has helped him on all his games. Keep that head up is a theme to Rick and he plays [illegible] remembering it.

Bob Treggett

Five foot seven inches, 150 pounds is a simple description of lineman Bob Treggett. Sixteen year old Bob feels his best showing was against Grant High when he first played a defensive game. Bob played harder and kept his place in the line. His future goals include Annapolis and football at Annapolis. Little Bob played very well to keep on the team this season and after proving himself a worthy assert to any team. We know he will prove himself in years to come.

Taft's unheralded Cross Country tracksters completed a fairly successful season, even though they finished low in the standings with a 1-4 record.

The success of the season was determined by the experience gained and the fine times turned in by the squad, who will be a real threat next season

The team was led by Louis Rodriquez, Jay Romais, and Car La Croix

Louie was consistently the squads first and most valuable performer. Jay's great potential finally showed in the Reseda meet when he set the school record of 9·19. Carl was our second best performer who improved greatly from the beginning of the season

Further support was gained from lettermen Robin Hill, Wolfgang Beutel, and Jim Pruss.

Alan Bennett
Only 5'8" tall, Alan Bennett is of small stature for a successful Varsity guard but his speed and agility has more than made up for his size. His success this season was crowned by an All Valley honorable mention

Mike Movius
Six foot five Mike Movius held a strong center position on the varsity basketball team this season. Being his first year of basketball he was nicknamed "Walt the Faulty" but his success prompted him to continue basketball competition

Anthony Oddo
Big "O" is indeed an appropriate name for our 6'5" 2 in. center-forward. Tony has proven himself in all his games and was chosen for the second string all valley team, and named the best defensive basketball player at Taft.

John Scherer
Johnny, our 6'1¼" center-forward has proven his potential value to our Toreador team. He has consistently shown his ability to play a good defensive game and his ability on the boards has been his success.

THE TALL MEN SCORED HIGH THOUGH BAD LUCK

IT'S A BIRD, IT'S A PLANE—Everyone looks up for the rebound as Alan Bennett shoots up during the Canoga hassle.

Steve Rousso
Team captain Steve Rousso well played his position as guard this season. His team gave many fine performances and he played an important part in them as the team's playmaker known for its success.

Coach Lerman's hustling hoopsters potential successful season proved disappointing as they were tied for last place.

In our first league game the hapless Hunters were defeated 45-50, we then were outplayed by Birmingham to the tune of 72-57. Excitement was the key word in the Granada game as we tallied a 68-66 overtime win. Cleveland's cagers then put us in our place 68-48. We triumphed over Reseda in the next game 58-50.

Canoga cried revenge as they came out on top of a 69-62 score. Birmingham, the league champions, dominated the court as they stepped over us 82-51. Our next encounter was a 59-37 loss to Granada Hills, which was followed by a 59-37 drubbing by Cleveland, the last game of the season was a 56-4 loss to Reseda.

We were well represented on the all-league teams, as Tony Oddo center represented us on the second team, Dave Phillips, forward, on the third team and Allan Bennette, guard, honorable mention.

Not pictured is letterman Steve Krohn. Steve "The Hawk" Krohn has proven to be a valuable guard on our team. Moving up from a "C" letterman, Steve has really shown Varsity strength and ability. This fast moving player has given his all this past season.

With or without high league standing the J.V. team coached by Norm Lerman provided quite a sparkle. Led by Rick Pecel Steve Weiss, Rick Bradstreet, Roger Howe, and Tom Seitzler, an upset team occupied the courts Starting the season with four straight losses little could be said for the team but with the addition of such players as Weiss and Pecel good things began to happen Winning the next three out of four the hoop rates went up and so did the J V s as they ended an upgoing season low in standings.

Taft's C hoopsters coached by Edward Buchanan completed their season with a 4-6 record in third place. The team's finest players included captain Lon Hardiezman, high scoring Art Reichele and Steve Grove as well as John Stock and Lon Steffens. These little Toreadors gave fine showings to League contenders. Several heartbreakers were all that kept the C's from achieving a higher league standing.

Taft's first Bee cager's coached by Edward Buchanan, although sparked with a host of talent including forwards Chuck Campione, Scott Dunlap, and center Terry Ellis, finished a humiliating season with only two wins, a non-league tilt against Franklin 37-34, and another against Granada Hills 34-33 after losing to them 112 to 59 in the first bout.

With the promotion of many of the Bee hoopsters more color should be added to our next years Junior Varsity and Varsity squads

The quick racquateers wrapped up third place losing only to the powerful Regents and almighty Cavaliers. The team had talent in first man Eddie Patty who could be seen muscles flexing his tanned body moving quickly to meet the ball and he met it well. Second man Rick Bradstreet wasted no time in asserting his solid forehand to all comers. Third man Pat Hallinan moved quickly to his place of fame by defeating all who came against him. Other teamwork was done by Jeff Hubblebank Chip Hanson and Dick Russo and Roger Howe as doubles men. Winning three out of five net meets the team proved its great potential and strong opposition. Teamwork was counted as the most important thing by Coach Hanna who contributed greatly with his help for the boys on the team and got results

Coach Snyder and his first year golf team did little more than learn the green in their first year. Working on their putts and drives the clubmen came through much better than expected. The 35 boys came through with a win over Reseda and a tie with Granada Hills to their credit. Top men on the team David Westerfield, Roger Rox, and Mike Bleifer made fine showings in their five meets bringing in most of the points. Other team members bringing in points were Jim Nicholson, Tucker Robbins, Tom Stebbins, Terry Meyers, Dick Zankon, Tom Urich and Bob Blanks. Their one win and tie saved them from the lowest league standing which was expected from the first year team. Their performance was surprising as well as fine

HARD WORK PAYS OFF (Above). Showing winning form are swimmers Steve Nolls, Rick Nolind, Alan Weiss, and Rick Miller. (Below) Toreador mermen hustle in a relay during one of their grueling workouts

The three Toreador swimming teams completed the season in the second spot as they watered down all opposition except omnipotent Birmingham. Our varsity team, which is the most successful to ever represent Taft, recruited most of their talent from our cross-town rivals, Canoga Park and Reseda. One of the standouts on the varsity team was Al Weiss, who consistently swishes through the water to the tune of 27.6 seconds for 50 meters. His time in the 100 is also respectably low. Steve Nolls is a powerful man, best in the 200 and 100 meter freestyles. Rick Nolind is known for his endurance in the many events he enters being all powerful in relays and distance. Larry Sherbondy a strong Butterfly man is also good in the freestyle. Gene Borio, a Cee standout in city last year, is now pacing the valley in the breast stroke. A record setting backstroker Dave Anderson is also fine in the medley relay. Members of medley relay team are Anderson, Borio, Sherbondy, and Nolind. After a successful season, the varsity team is looking forward to next year. The swim team is the most successful varsity team on the campus and have brought no less fame than a championship team

The Bee squad, which was also second in the West Valley, was paced by Butch Belt, butterfly; Bob Bush, freestyle and medley; Bill Dutton, backstroke; and Mike Carr, breaststroke. Many of this year's Bees will be back to spark next year's varsity squad. Bees have given much to the swim team's reputation by working hard and gaining well earned recognition. The Toreador tadpoles also stroked to a respectable second place, as most of the Cees began their initial career in the sport. You can be sure to hear the names of Fred Shaw in freestyle; Bob Parker who is outstanding in many events, and Mike Horn, backstroke and butterfly next season.

Taft's first claim to fame was found in her West Valley League Bee Track champions. Many singular performances resulted in fine overall league showing. Leading men such as Phil Ackerman, 660; Mike Butterworth, Rodriguez, 1320; Dave Bennett, 220; Dick Russell, John McPeak, hurdles; Paul Olson, shot put; Jim Dell, Steve Prentice, broad jump; Tig Davis, pole vault; and a four event man, Bill Streb, both high and low hurdles and pole vault and relay. However, the most spectacular of Bee sprinters is Al Zdenek who rose from an excellent Cee sprinter to the leading Bee man. With all the talent and teamwork offered by these boys it's no wonder they copped the title. The consistently fine workers napped first in every meet to break up Reseda's bid for the title 49-46 to become champs.

BEE TRACK – ROW 1: Beck, Kale, Olson, Butterworth, Denson, Rodriguez. ROW 2: Taylor, Eifert, Hausman, Ackerman, Pecel, Salisbury, Gottlieb, Bardack, French, Streb, Steyer. ROW 3: Davis, Erder, Ruper, Dell, Bennett, Russle, Wright, Griggs, McPeak, Kennerly, Prentice, Bell, Mitchell.

ITEMENT AND THRILLS

Sparked by a fine host of varsity sprinters Taft's first varsity track team was well worth watching. Seeing to this were leading men Curt Hessler, Allan Bennett and Mike Hallinan who gave fine performances in the 100 and 400 respectively. Hurdler Terry Guerin racked up points as he ran the lows and highs. Running the mile and 880 were Jay Romais and Dick Bedal respectively who turned in some of the finer marks. In the broad jump Allan Bennett went all the way with his mark of 23'½" to down opponents in the meet with Granada Hills.

In spite of all the talents shown, Taft consistently placed lower than other teams as a near tie mark was lost by a weak relay team on the eleventh hour. Many dual meets were spoiled by our ever ailing, ever changing relay men as Ray Felix, Brad King and others gave always impressive but only once victorious show nas. Taft was never disgraced and as a first year team it was a truly fine one.

FLYING HIGH broad jumper Alan Bennett displays fame-winning form that carries him into number one position

HAPPY HURDLER, Terry Guerin smiles contentedly as he wins first place for Taft in the varsity low hurdles. Favored Tom Eidson of Reseda (two lanes over) takes second position

Cee track men can be proud of their efforts to overcome a weak field team by producing the finest crop of Cee sprinters around the valley. The work of Al Zdenek, Dave Alkire, and Larry Guerwitz proved strong in the 180 yard dash and all these proved powerful as runners. Bob Butler a Cee strong in low and high hurdles also went strong in the broad jump and ending his accomplishments by staying on the four man relay team with the above three sprinters. Bill Morong a strong 1320 man ends the host of little talents as the team placed low in league standing beating only Reseda in the last meet.

Having worked together only this semester the [illegible] ture Hercules' at every meet were able to chalk-up more points than expected. Averaging between 40 and 45 points out of 120 in each [illegible] meets, the varsity athletes narrowly missed winning on four different occasions, losing to Monroe by one point, to Franklin by [illegible] points, Granada by 2½ points, and to Birmingham by 9 points. Featured in five out of eight events was skilled acrobat, Don Duke. A two-year letterman, Duke managed a first in high bar in every meet except one. Other standouts were Don Hartert in tumbling, high bar and free exercise, and Pete Clemenson also in free exercise. First year roper Jeff Gordon, maintained the number one position in a clocking of 4[illegible]. Representing Taft at the valley prelims held here, the big athletes burned the Toreadors into permanent remembrance. The two big losses from graduation will be Don Duke and Don Hartert. The rest of the team being intact, it is believed that next spring's team will be bigger and stronger

Steve Weiss is teaching Nicci Reed bowling techniques at CORBIN BOWL, while Tina Tolle, Rick Pecel, and Dee Foley look on. Corbin Bowl is located on Ventura Boulevard, just east of Corbin Ave. Try bowling after school: it's so close to the Taft campus, for after school fun.

Ron Gregory and Eric Beck take an order from Joanne Culleton for the specialty of the house. THE MOST is your ice cream host and is found at 22721 Ventura Blvd., Woodland Hills.

Sharon Humbard imagines Carolyn Cox in a gown made of Le France fabrics. For fabulous imported and domestic fabrics, and terrific drapery values, it's LE FRANCE FABRICS, 22735 Ventura Blvd., Woodland Hills.

The friendly service and fascinating literature at CANOGA BOOKS, 7128 Owensmouth Ave. in Canoga Park, seem to entrance Vicki Gauret and Doug Robinson. There they find a wide selection of fine reading material.

Steve Russo and Steve Phillips always go to HULL BROTHERS LUMBER CO. when planning a building project. For all "do it yourself" supplies, go to Hull Brothers Lumber Co., 21350 Sherman Way, Canoga Park.

Gail Domonkos, Sharon Leach and Diane Twitchell truly makes enchanting pictures for Grant Shoemaker to gaze at. In their beautiful "Bridal Shop" dressed these girls are sure to be the belles of any ball. THE BRIDAL SHOP is located on 21517 Sherman Way, Canoga Park.

Grant Shoemaker looks at one of the many fine sports jackets at the STUART R. McDONALD MEN'S WEAR, 21710 Sherman Way, Canoga Park. He finds a wide assortment of dress and casual wear for all occasions.

Sue Stansbury and Sandy Speth are being helped by one of the friendly waitresses at BOBBY'S COFFEE SHOP, 22821 Ventura Blvd., in Woodland Hills. Bobby loves teenagers so this is the ideal place for after school snacks and lunch.

Lynette McCormack and Laurie Crews model the ideal sport clothing that can be found at JO ELLEN'S, 21930 Ventura Blvd., Woodland Hills. Jo Ellen's take pride in a great selection of unique and exciting fashions for women and girls.

Rick Sutphin demonstrates his terrific bowling ability to excited Sharon Millhollen at WOODLAKE BOWL, 23130 Ventura Blvd., Woodland Hills. Remember the surprise dinner in the dining room—$1.75 adults, $1.00 for children. Be seated before 6:00 P.M.

Marlene Gregory and Gayle Muller are ordering cosmetics from Mr. Basso at BASSO'S PHARMACY, 5960 Fallbrook Ave., Woodland Hills. BASSO'S, the friendly family pharmacy is the store with the whole family in mind.

Diane Poullada, Sue Southworth and Rick Phillips seem to be enjoying the fine service given to Taft students by the TREAT-O-RAMA staff. Treat-O-Rama located at 20040 Ventura has become a favorite after school spot for Toreadors.

TARZANA GARDEN EQUIPMENT INCORPORATED located at 18451 Ventura Blvd. has everything to offer to anyone with a green thumb or just an industrious one. From lawn mowers to tractors, parts and service, all can be quickly found at Tarzana Garden Equipment.

Beth Hindley and Stephanie Harolde are only two of the satisified customers who go to HENRI'S located at 18660 Ventura Blvd. in Tarzana. Henri has a stock of fine dresses and sportswear priced right for Toreador girls.

A courteous saleslady shows her wares to Sharon Cotrell and Cathy Cosgrove who are very interested in the bargains they have found in W. T GRANT DEPARTMENT STORE located in Tampa Park, 19355 Victory Blvd. in Reseda.

ACKNOWLEDGMENTS—The Atinian Staff has now placed the first publication of the annual in your hands. Without the help of many others this edition would not have been possible. On behalf of the Atinian Staff I would like to thank Mr. Quarberg and the Sales Class for their invaluable aid during the first days of the long, but successful, annual drive. Our many thanks also to Mrs. Piper for all financial help. The artwork in the book and the colorful posters are credited to the Art Department, especially Lowell Dalton for the talented cartoons. Also, during our first year, we have had the pleasure of working with the Alfred and Fabris Studios, for the photography, S. K. Smith Company, for the collegiate cover, and Advance Litho, for the neat and colorful printing. We are also grateful to the Administration and Faculty for all the individual help and guidance they have given us this past successful year. Lastly, I would like to take this opportunity to thank the wonderful staff that has survived so well all the sad disappointments **and** the many happy moments of the past year. Our exceptional sponsor Mr. Kluth who has spent so much time with us, is by far the most outstanding sponsor any staff could ever hope to have. Without this special personality we could never have completed our scrap book of history -The Atinian.

Thanks again to all those who made it possible,

Jean McLeod
